

ENVIRONMENT POLICY

We at The Observatory Hotel and Lilianfels Blue Mountains Resort and Spa are proud to be environmentally caring hotels with particular emphasis on reducing the impact our operations have on the environment and our commitment to our continued local community support.

We are committed to continuously:

- * Conserve our natural resources by minimising our negative impacts through education, by example of sustainable management.
- * Minimise pollution by reducing the use of harmful substances.
- * Comply with relevant environmental legislation and regulations.
- * Establish and maintain ongoing dialogue with appropriate stakeholders (for example: customers, employees, contract employees, suppliers, local and national authorities, cultural authorities, Non Government Organisations, trade bodies, neighbours and local community organisations)
- * From time to time review overall strategy on issues as part of overall strategic reviews.

We will always seek to achieve a clean, healthy, safe and sustainable environment for our community, future generations and our hotels.
