

Librisa Spa Bridal Package

One of the most significant times in your life is when you make the decision to commit to your partner forever. The Librisa Spa's team of therapists offer a number of customised packages and services created for such a special occasion and they are committed to ensuring that you have the most memorable celebration ever.

Librisa Spa is housed in a beautifully renovated heritage Victorian building in the Mount Nelson Hotel's gardens. The ambience is elegant, soothing, luxurious, just perfect for pampering, spoiling yourself and to celebrate your much anticipated wedding.

The spa menu offers specially created bachelor and bachelorette packages (for yourself or for your friends as well); all the necessary skin and body care preparations to make you feel like a princess on your wedding day; special touches for your honeymoon and a variety of wedding anniversary pampering treatments. Whatever you choose, the Librisa Spa team has been trained to individualise the treatments on offer to make sure that your dreams on how you would like to look and feel, are fulfilled.

You might consider adding another dimension to your time of relaxation at Librisa Spa and relish a refreshing compress for your hands and feet as well as a 15 minute hand or foot massage whilst you spend outdoor time relaxing around the heated Oasis swimming pool. Please note though, that you would need to book in advance for these extra little "spoil yourself" services.

Librisa can also arrange lunch at the al fresco Oasis Restaurant or Afternoon Tea on the hotel terrace as part of your day of indulgence and pampering.
